

# Bhupendra Patel

Chief Minister, Gujarat State

Dt. 20-12-2023

## Message

DNA is an identity for any living thing across the world. It is the material that exists in every cell in our body that holds our genetic code. It makes up our body's instruction manual. With the invention of science, our proficient scientists are exploring various aspects of nature, our body and the tiniest change happening in our cells.

I am much pleased to learn that the 48<sup>th</sup> Annual Meeting and International Conference of the **Indian Society of Human Genetics (ISHG) 2024** is being organized during **21<sup>st</sup> to 24<sup>th</sup> January, 2024** at **Ahmedabad**. I am delighted to learn that the theme of the conference is derived from the Sanskrit Shloka “सर्व मंगलम् भवतु” which means prosperity and good health for all. I hope, the content and addresses incorporated in the conference will be enlightening and pathfinder for the audience and the medico fraternity. I, hereby, extend my heartiest best wishes to the **Team-ISHG** and also to all the stakeholders for a bright future ahead.

(Bhupendra Patel)

To,

**Prof. Jayeshbhai Sheth, Chairman**

Foundation for Research in Genetics & Endocrinology,

FRIGE Institute of Human Genetics,

FRIGE House, Jodhpur Village Road,,

Satellite, Ahmedabad – 380015.
